# BACKBEAT 500

Wireless on-ear headphones

Bring your music to life with BackBeat 500 wireless headphones. Enjoy up to 18 hours of deep, rich sound on a single charge. And with a lightweight, cushioned design, you can listen in comfort all day.

Step up to a wireless experience

BACKBEAT 500

Lose the cords with BackBeat 500 wireless headphones. Whether you're racing to class or sitting in a packed coffee shop, up to 18 hours of power on a single charge lets you listen more and charge less. Don't just hear your favorite tracks, feel them. Deep, rich sound and powerful bass bring music to life. And when your days are long, your headphones won't weigh you down. Wear them comfortably on your ears or around your neck for hours, thanks to a lightweight design and soft memory foam ear cushions that rotate to lay flat. BackBeat 500—experience wireless.
